I have known Sharon Fox for over 20 years. We both attend Christ Church in Plano. I first met Sharon through a Grief Recovery class that she was leading. She has blessed so many people by being available to walk them through the grief process.

I currently serve as a Chaplain with a non-profit called Crisis Response Ministry. I am the Collin County Chapter Director.

Our primary mission is taken from 2 Corinthians 1:4, *"Comfort others with the comfort you have received."* CRM's guiding philosophy is to minister to people out of compassion and provides a genuine demonstration of God's love and mercy.

In Collin County we respond to calls from law enforcement to be on scene to help families that have had a traumatic event occur and one of those is suicides. I asked Sharon to come and speak to our Chaplains and Crisis Responders on the topic "The Sudden Death called Suicide". We deal with a lot of suicides and we wanted Sharon's expertise to help us as we minister to families that have lost a loved one to suicide.

Her presentation was illuminating and informative. It facilitated our ability to respond in an appropriate manner to traumatized families.

We greatly appreciate Sharon, her experience in this area and what she shared with us. She is truly a woman of God serving Him in a unique way!

Gaye Gardner
